SUMMARY

Highly motivated and results-oriented Entry Level Full Stack Developer with 1 years of experience in developing and implementing innovative solutions. Skilled in optimizing website performance, reducing development time, and collaborating with cross-functional teams to achieve project goals.

EDUCATION

B.tech in Computer Science

B.S.Abdur Rahman Crescent Institute of Science & Technology

📅 2019 2023   📍 Vandalur, Chennai

EXPERIENCE

Solution Consultant

Francium Tech

📅 03/2023 Present   📍 Padur, Chennai

Francium's core purpose is to create technology solutions for progressive and forward-thinking organizations to empower their ascendancy and to magnify their impact. I work as a full-stack developer here, responsible for building, deploying and maintaining internal web applications.

- Successfully finished a 3-month internship at Francium Tech while pursuing B.Tech, gaining hands-on experience in web development technologies such as Ruby on Rails, React, and Vue.js. Demonstrated strong skills in contributing to team projects and learning best practices in software development and Agile methodologies, resulting in selection as a permanent member of Francium Tech upon completion of the internship.
- Successfully completed over 4 projects, notably delivering one project 15 days ahead of the 3-month timeline, showcasing proficiency in project management and adherence to deadlines.
- Developed responsive and visually appealing front-end pages using Vue.js as a solution consultant, ensuring seamless user interaction and accessibility.

PROJECTS

Kozhi-Kari

📅 05/2024 Present   📍 Vandalur, Chennai
🔗 https://kozhi-kari.vercel.app

Kozhi-Kari is a straightforward yet dynamic website designed to showcase shop details effectively. The website provides users with comprehensive information about the shop's offerings and services in an engaging manner.

- Implemented parallax scrolling and animation effects to enhance user engagement and visual appeal.
- Integrated Telegram API to enable direct user feedback and communication with the shop.

Porfolio

📅 05/2024 03/2024
🔗 https://abdul-razak.vercel.app

Developed a professional portfolio website using Next.js, combining React components with server-side rendering for optimal performance and SEO advantages.

- Implemented a responsive and visually appealing UI/UX design to showcase personal projects and technical skills effectively.
- Implemented a RESTful API for sending emails, enhancing user interaction by providing a direct communication channel.
- Employed best practices in web development to optimize load times and maintain code cleanliness
